2018 International Technology Enhanced Assessment Conference (TEA 2018)

Dates: 10-11 December 2018

Location: Amsterdam, The Netherlands

=====

Dear researcher or practitioner on Technology Enhanced Assessment,

The International Technology Enhanced Assessment Conference (TEA 2018), will be held on December 10-11, 2018, in Amsterdam, The Netherlands.

We cordially invite you to submit research papers, practice papers or posters.

Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. As during the last conference's editions, the proceedings of the conference will be published by Springer in the Computer Science Conference Proceedings in Computer Science & Information Series.

~ MORE ~

Submissions can be submitted through the Conference Submission System until August, 27, 2018. See [www.teaconference.org](http://www.teaconference.org) for more details about the different submission formats.

The 2018 International Technology Enhanced Assessment Conference (TEA 2018) is a unique event connecting researchers, practitioners and policy makers to address current challenges and advances in the field of E-Assessment. In its 21st edition, the conference targets to represent the state-of-the-art and different perspectives on the conception, development, evaluation and implementation of technology enhanced assessment in different sectors like primary education, secondary (vocational) education, higher (vocational) education but also professional learning, non-formal learning as well as learning and performance measurement in-situ at the workplace.

The conference consists of two main tracks: Research in Technology Enhanced Assessment and Practice in Technology Enhanced Assessment. The conference seeks to connect the research, development and practice communities.

#### TOPICS

Conference topics include, but are not limited to the following: TEA quality and security, Summative and Formative Assessment, Policy frameworks for TEA, Assessment in the context of Blended Learning, MOOCs and Open Educational Resources, Open badges for assessment, Assessment platforms (architectures, open sources initiatives etc.), Question bank/item repositories, Authoring tools for assessment for teachers and learners, Tools for automatic scoring (e.g., free text entry) and Feedback systems, Peer Feedback, Comparative Judgement, Rubrics, Automation of item and test generation, Reporting systems, ePortfolios, Webfolios, Open learner models, Visualization of results, Mobile assessment, Assessment in serious Games and Virtual worlds, TEA for key competences, Methodologies, Adaptive testing and Adaptive assessment, Learning analytics and e-Assessment, Assessment when teaching and learning is conducted on distance/online environments.

## IMPORTANT DATES

27 August '18: Deadline submissions

08 October '18: Notification of acceptance

15 October, '18: Early Bird registration deadline

19 November '18: Camera Ready papers to TEA chairs

03 December '18: Registration deadline

10-11 December '18: TEA conference

You are welcome to join us at TEA 2018!

Silvester Draaijer – Vrije Universiteit Amsterdam, The Netherlands

Desirée Joosten - ten Brinke, Open Universiteit, The Netherlands

(chairs of TEA2018)
